ABOUT US

With a commitment to quality, innovation, and design excellence, our laminate company offers premium surface solutions for modern interiors. Our extensive collection features a wide range of textures, finishes, and contemporary designs crafted to suit residential, commercial, and hospitality spaces. Manufactured using advanced technology and high-quality materials, our laminates are engineered for durability, performance, and lasting visual appeal. We continuously explore global design trends to create surfaces that inspire creativity and elevate every environment. Driven by precision and customer satisfaction, we deliver products that seamlessly combine aesthetics, functionality, and reliability.

TECHNICAL SPECIFICATIONS

V PRIME BOARD
PREMIUM PARTICLE BOARD
FOR A STRONGER TOMORROW

V PRIME Particle Board is manufactured using premium-quality Sugarcane Bagasse, an eco-friendly agricultural by-product that helps conserve natural forests and promotes sustainable development. Designed with advanced manufacturing technology, our boards deliver superior performance, consistent quality, and long-lasting durability for modern furniture and interior applications.
Our state-of-the-art manufacturing facility is equipped with advanced European technology and precision machinery to produce high-quality Three-Layer Plain and Pre-Laminated Particle Boards. Every board undergoes strict quality control to ensure excellent dimensional stability, strength, and a premium surface finish.
Key Features of V PRIME Bagasse Particle Boards

V PRIME Particle Boards are engineered for strength, durability, and superior finishing. They offer excellent screw holding capacity, high load-bearing performance, moisture resistance, heat and stain resistance, smooth surface finish, dimensional stability, and easy machine ability. Their balanced three-layer construction minimizes warping and provides reliable performance for both residential and commercial furniture applications. Manufactured from renewable bagasse, V PRIME boards are an environmentally responsible choice for modern interiors.

Properties	Unit	Specifications for Particle Board as per IS-12823	V Prime Particle Board
